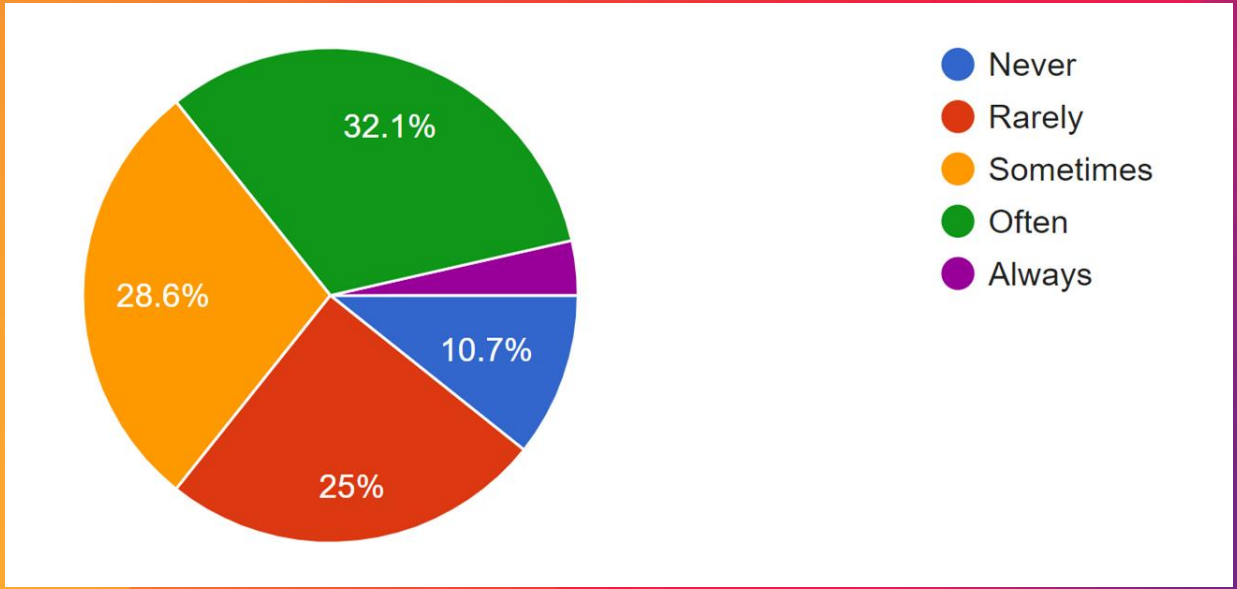
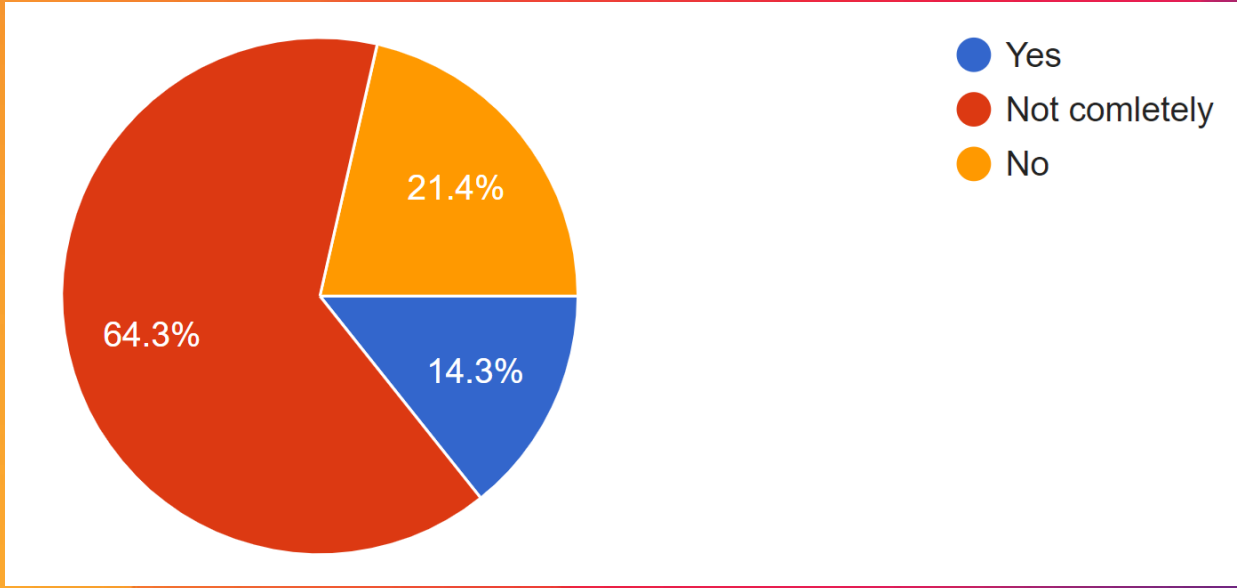
1. Актуальність

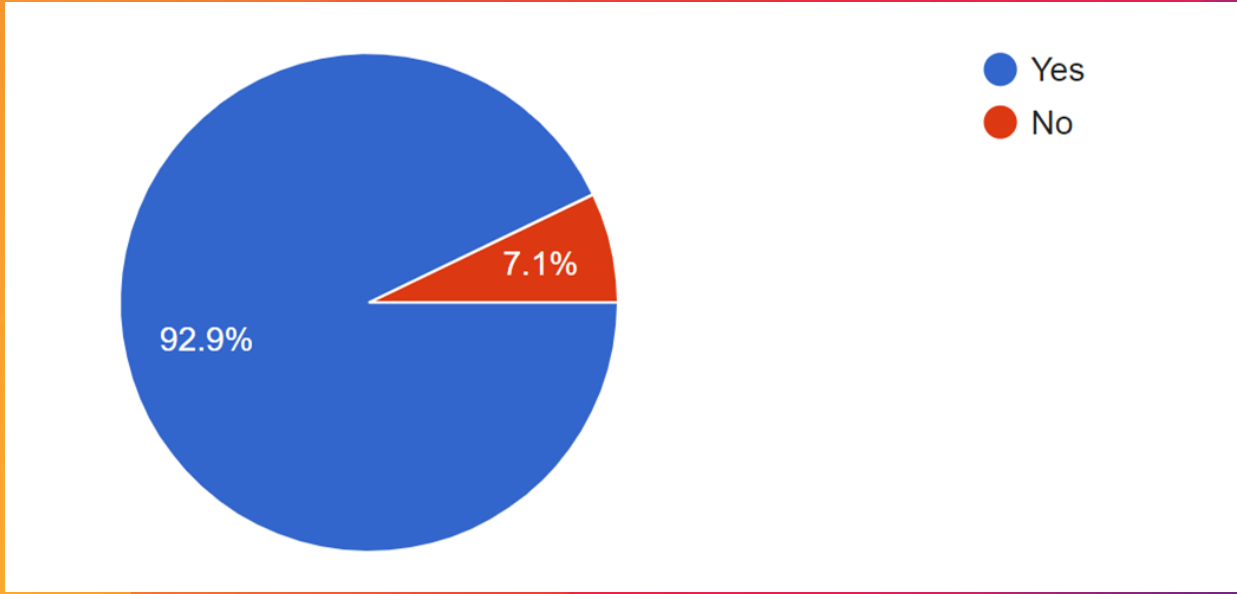
Чи потребують люди цей продукт та чи будуть ним користуватись?



How often do you check composition of the cosmetics you buy?



Do you think you have enough information about the safety of your product?



If there was an application to control the safety of your self-care products, would you use it?

Наша мета

Зробити доступною перевірку складу та захистити здоров’я наших користувачів!

2. Реалізація

Як зробити зручний та простий у використанні продукт?

Built With

Telegram API

This API allows to connect bots to Telegram system. Telegram Bots serve as an interface for code running somewhere on your server.

GOOGLE-Cloud-Vision

pre-trained Vision API models to detect emotion, understand text, and more.

Our process is easy

1. Send the photo of ingredients
2. Get the info about restricted ones
3. Get the overall info

Whoa! That’s a big number, aren’t you proud?

Дякую!

Є питання?

This is a slide title

- Here you have a list of items
- And some text
- But remember not to overload your slides with content

Your audience will listen to you or read the content, but won’t do both.

In two or three columns

Yellow

Is the color of gold, butter and ripe lemons. In the spectrum of visible light, yellow is found between green and orange.

Blue

Is the colour of the clear sky and the deep sea. It is located between violet and green on the optical spectrum.

Red

Is the color of blood, and because of this it has historically been associated with sacrifice, danger and courage.

89,526,124$

That’s a lot of money

185,244 users

And a lot of users

100%

Total success!

Let’s review some concepts

Yellow

Is the color of gold, butter and ripe lemons. In the spectrum of visible light, yellow is found between green and orange.

Blue

Is the colour of the clear sky and the deep sea. It is located between violet and green on the optical spectrum.

Red

Is the color of blood, and because of this it has historically been associated with sacrifice, danger and courage.

SlidesCarnival icons are editable shapes.

This means that you can:

- Resize them without losing quality.
- Change fill color and opacity.
- Change line color, width and style.

Isn't that nice? :)
